

NOTICE TO MEMBERS 14.07.2020

As the coronavirus (COVID-19) pandemic continues to hold the lion's share of the news headlines, the Club would like to thank all of its Members for their patience in these uncertain and ever changing times.

It is understood that many Members have asked about, and are eagerly awaiting the return of promotions and events such as raffles, bingo, trivia, and live music.

Unfortunately there is no return date in sight for any of the clubs entertainment and promotions due to the safety risks that they impose on our staff and members in relation to crowding and mingling.

It is understood that some licenced venues may have reintroduced similar events, however the Kiama Leagues Clubs number one focus is the safety of our Staff, our Members, and the broader community. For that reason we hope that our Members can appreciate our prudent approach.

I would also like to advise our members that in light of Victorian outbreaks and even closer to home, the outbreak linked to the Crossroads hotel in Western Sydney, we must remain vigilant and even be prepared for the possibility that restrictions may well be tightened again before they are to further ease.

We thank you for your continued support and patronage of the Kiama Leagues Club.

Best wishes for your health and well-being and that of your family and friends.

Jesse O'Brien
General Manager
For and on behalf of
The Board of Directors
